# LearnKey's Autodesk Courseware

With over 30 years of experience, LearnKey offers engaging, interactive, and flexible training mapped to industry certifications available online through GMetrix.

- Full-motion digital video available anytime, anywhere with an Internet connection

- The GMetrix platform provides the ultimate certification training solution with a single sign-on between training and test prep

- Project-based learning lessons and workbooks with hands-on activities help reinforce what the students are learning

- Teacher workbooks with answer keys and lesson plans

COURSE OFFERINGS

Autodesk Certified User (ACU) Auto-CAD

The AutoCAD 2019 course will prepare you to sit for the AutoCAD Certified User exam by teaching you how to draw objects with accuracy and modify them after they are created, organize objects, reuse content from previous projects or other sources, annotate drawings, and set printing and plotting options to prepare your project for distribution. The AutoCAD 2019 course will not only prepare you for certification, it will help you learn the skills needed to compete in the computer-aided design job market.
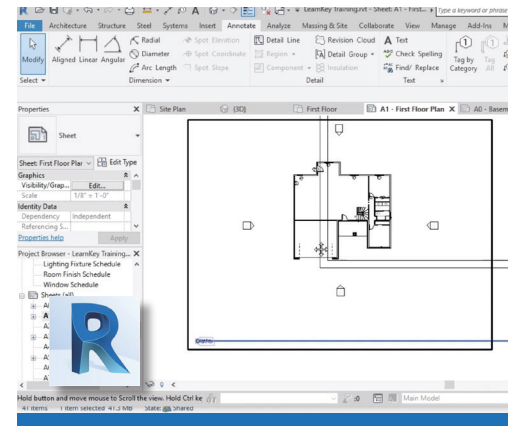

CLASS HOURS: 13.5 HRS

Autodesk Certified User (ACU) Inventor

The field of product and part design is ever-growing. The Autodesk Certified User (ACU) Inventor course will help you learn the skills needed to gain an edge in this exciting field. This course will teach you the basics of the user interface and how to navigate the application successfully. You will also learn assembly modeling, drawing, part modeling, and sketching. Mastery of these skills will prepare you to sit for the Autodesk Inventor Certified User exam. The course and accompanying support files were created with Inventor 2019.

CLASS HOURS: 20 HRS

Autodesk Certified User (ACU) Revit

The Autodesk Revit Architecture 2019 course will teach you how to create and modify grids, levels, walls, doors, etc. and then show you how to model and modify those elements. You will also learn how to manage views and create 3D renderings of your projects. Finally, the course will demonstrate how to manage documentation associated with your projects. Not only will this course help you to master the skills you need to be competitive in the field of architectural design, it will prepare you to sit for the Autodesk Revit Architecture Certified User exam.

CLASS HOURS: 15 HRS

Each Course Includes:

Video-based instruction, exercise labs, pre and posttests, flash cards in addition to a PDF project workbook. The workbook includes fill-in-the-blanks, glossary terms and definitions and many other resources to help reinforce learning.
